

KONCEPT

Designers
Kenneth Ng & Edmund Ng

Meet the Mr. n family: two arch-shaped table lamps that exude soft, omni-directional light. The smaller of the two lamps, Mr. n, is the original design, and has been featured on numerous movies and tv shows over the years. Mr. n *tall* is double the height and double the brightness of its little brother. Plug your phone or tablet into the built-in USB port to re-charge. A one-finger tap on a touchstrip is all that's needed to make either lamp glow. Hold your finger on the same strip to adjust brightness. Sit Mr. n or Mr. n *tall* on your desk, bookshelf or table to cast a glow across the room and add a hint of modern quirkiness.

Lumens:	Mr. n: 250 / Mr. n tall: 600
Footcandles:	n/a
Lux:	n/a
Energy Consumption:	Mr. n: 5 W / Mr. n tall: 13.5 W
Rated Lifespan	50,000 hours
Color Temperature:	2,700 K
Color Rendering Index (CRI) :	90
Brightness Adjustability:	Continuous dimming (press & hold Koncept logo)
Material:	Aluminum, plastic
USB port:	Mr. n Tall: Built-in
Safety Rating:	C-UL-US Certified
Warranty:	5 years
Voltage:	100-240 V
Cord:	Silver, 10'
Standard Finishes:	Mr. n: Silver, Black / Mr. n tall: Silver

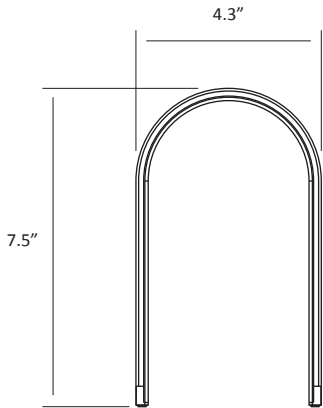

NL1-S--DSK

MBK = Metallic Black

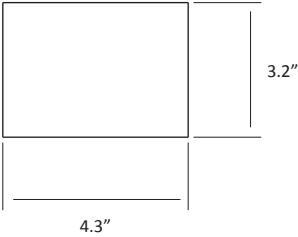

SIL = Silver

Potential LEED Points

Integrative Process *(Possible 2 points)*
To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.
 Koncept’s LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting *(Possible 2 points)*
To promote occupants’ productivity, comfort and well-being by providing high-quality lighting.
 All Koncept’s task lighting products provide more than three lighting levels that are easily adjustable by occupants to suit their needs. Furthermore, all Koncept’s task lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provides the opportunity to reduce overhead lighting.
