

Your Bright Companion

mr. GO!

LED Lantern

Mr. GO! is a portable lantern comprised of a unique, curved light panel design that acts as a natural handle. Charge the built-in, powerful batteries using the USB port and enjoy 5-50 hours (depending on the brightness setting) of cordless light. Hang this quirky lamp from an umbrella or tree with the included leather strap. A standard USB output port allows users to charge their compatible devices on the go, making mr. GO! the perfect companion for many occasions.
