SEATING COLLECTION

CONTEMPORARY HANDMADE UPHOLSTERY

To lead and manage you need good and excellent chairs. A leader manifests himself in the choice of his chairs and in the values that he transmits. Since 1990, the year in which we began to produce upholstery until the renewal embodied in the current Seating Collection, the most important and essential has been and is, the hands of professionals who cut, sew, process, transform and integrate natural leathers, fabrics and the selected quality foams of our upholstery in perfect structures made of beech wood, which in the directional chairs are implemented on rigorous aluminum bases.

La tapicería artesanal más refinada.

Para liderar y gestionar se necesitan buenas y excelentes sillas. Un líder se manifiesta en la elección de su sillería y en los valores que esta transmite. Desde 1990, año en que comenzamos a elaborar tapizados hasta la renovación plasmada en la actual Seating Collection lo más importante y esencial han sido y son, las manos artesanas de profesionales que cortan, cosen, elaboran, transforman e integran las pieles naturales, los tejidos y las espumas de calidad seleccionada de nuestra tapicería en perfectas estructuras de madera de haya, que en las sillas direccionales se implementan sobre rigurosas bases de aluminio.

La meilleur finition faite à la main.

Pour diriger et gérer, vous avez besoin de bonnes et d'excellentes chaises. Un dirigeant se manifeste dans le choix de ses sièges et dans les valeurs qu'il transmet. Depuis 1990, année au cours de laquelle nous avons commencé à produire des tissus d'ameublement jusqu'au renouvellement indiqué dans la collection de sièges actuelle, le plus important et essentiel a été et reste les mains de professionnels qui coupent, cousent, transforment et intègrent des et les mousses de qualité de nos revêtements sélectionnées dans des structures parfaites en bois de hêtre, qui dans les chaises directionnelles sont mises en œuvre sur des bases en aluminium rigoureuses.

Обивка ручной работы.

Чтобы создать условия для лидерства и эффективного управления, необходимы превосходные кресла отличного качества. Лидер проявляет себя в выборе дизайна и ценностях, которые заложены в нем. С 1990 года мы изготавливаем мягкую мебель, и в настоящий момент – время создания обновленной Seating Collection – самым важным и ценным для нас были и остаются ручная работа наших профессионалов, которые режут, шьют, обрабатывают, преобразуют и комбинируют натуральные кожи, ткани и отборного качества наполнение нашей обивки с великолепными деревянными конструкциями из бука, в регулируемых по высоте креслах на жесткой алюминиевой крестовине.
