

J A S P E R D E S K   **CONNECTION**

## CONNECTION

Linking rich materials with progressive workplaces, Connection brings unexpected aesthetic choices and enviable versatility.

L-unit featuring Special Veneer - Graphite.  
Shown with a Riley chair.

## CONNECTION

When a conventional shape needs an unconventional look, try a choice from Connection's Special Veneer offering.

U-unit featuring Special Veneer – Quarter Walnut. Shown without metal inlays, a 3form® modesty panel, white glass hutch doors, and a Riley chair.

## CONNECTION

By integrating an adjustable height table, this L-unit offers sitting and standing work postures.

L-unit featuring a worksurface extension with an adjustable height table. Shown with a Riley chair.

## CONNECTION

For a full-size adjustable height worksurface, Connection provides arc-top and rectangular top shapes.

Arc-top adjustable height table desk featuring mobile pedestals. Shown with a Riley chair.

## CONNECTION

Seen from any angle, L- and U-units with bench pedestals offer storage, seating or both in a compact footprint.

Shown with the Laser HPL upgrade on the U-unit and wall-mount cabinet doors. All with Riley chairs.

U-unit with a multi-ped bench unit and wall-mount cabinet.

L-unit with three bench pedestals and a mobile pedestal.

## CONNECTION

For all of the progressive appeal it delivers, Connection responds just as beautifully when a restrained look meets the need.

Shown without metal inlays on the Single Pedestal Computer Desk and the Storage Organizer Hutch. All with Riley chairs.

L-unit featuring a Single Pedestal Computer Desk.

U-unit featuring a Storage Organizer Hutch.

Desk/credenza featuring an Arc-Top Desk.

## CONNECTION

Because each component is specified separately, combinations of different componentry allow for ultimate flexibility.

Single Pedestal U-unit featuring bench pedestals and wall-mount cabinet. Shown with a Riley chair.

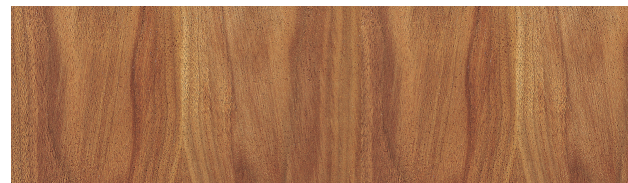

## STANDARD VENEER

Walnut, cherry and maple plain-sliced veneers are included in the list price of each Connection model. Coordinating finishes protect and enhance the natural beauty of each species.
